SEE IT RUNNING

REAL SCREENS FROM THE LIVE APP

HOME

Water, calories, stairs, heart rate, sleep and stress at a glance, plus a one-tap energy check-in.

HEALTH HALL

Every tracker is a road into the realm, with a clear "next step" and today's value on each tile.

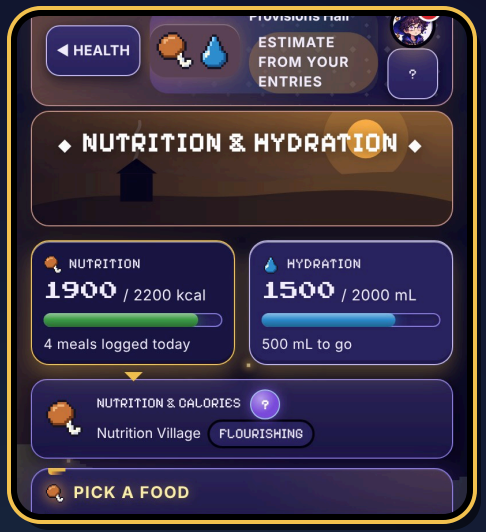

THE KINGDOM

Eight regions light up as you log. Here all eight are restored and five are flourishing.

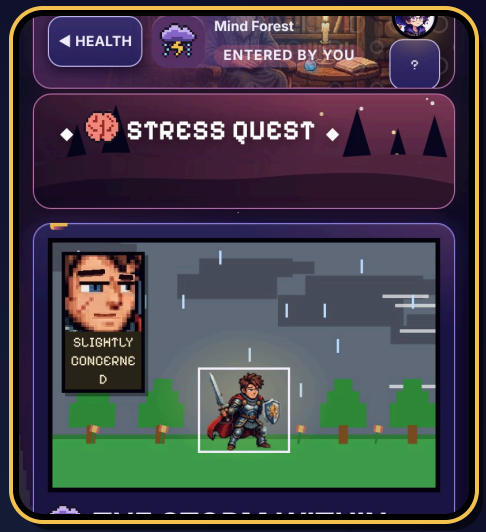

CAMPUS OBSERVATORY

A 3D map of Kolej MARA Kulim in the Fantasy look: every staircase is a heart you can climb and log.

NUTRITION & HYDRATION

Calories and millilitres against your goal, then pick a meal from the canteen menu.

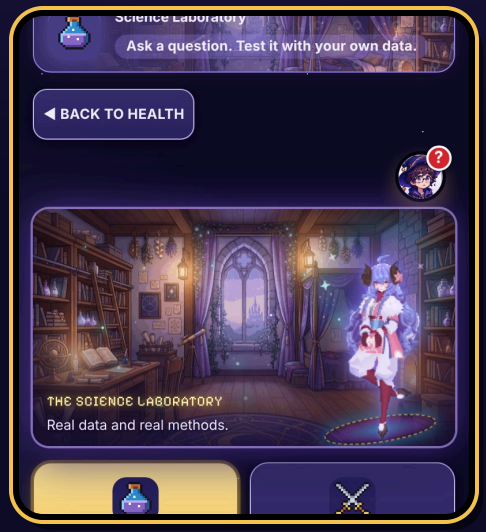

STRESS QUEST

The Storm Within: the knight's face and the weather follow your stress rating.

TRAINING HALL

Choose a goal, then a muscle and a move, with Medius as your trainer.

SCIENCE LABORATORY

Test a guess against your own logs, or spot weak evidence in the Evidence Trial.

Screens are demo data. Captured from the running app on a phone-sized screen with 30 days of sample entries. The numbers are samples, not real health measurements.
Try it: healthwizkingdom.github.io/Healthwiz-Kingdom · Wellness tracker, not a medical device.
